FISCAL IMPACT	APPROPRIATION REQUESTED:	\$13,497.00 plus tax		

SUMMARY:	Tantalus is offering a six-month pilot program to test and integrate their Advanced Metering Infrastructure (AMI) into the City's water meters, electric meters and finance billing system. This program allows remote disconnects and reconnects of power, remote reads of water and electric meters, data collection, and system reporting of outages and problems. There are great efficiencies to be gained through this technology and cost savings once fully integrated.
