To: Mayor Grover and City Council
From: Todd Ableman, Director of Public Works
Subject: 2022 to 2027 Transportation Improvement Plan
Date: April 22, 2021

The Cheney Transportation Improvement Plan (TIP) 2022-2027 will be the subject of a public hearing at the May 11, 2021 City Council meeting.

Below are some of the main points of interest with respect to the Cheney Transportation Improvement Plan:

- No residential street improvements in 2021. The plan continues the intended 2021 plan in 2022, and deferring remaining plan streets by one year.
- The 2022-2027 Arterial Street program qualifies for federal and state preservation funds as staff will continue to apply for these funds when available.
- An SRTC application was submitted for street preservation work on Washington from SR 904 to W 6th Street, and this section of Washington Street was added to the STIP in 2022.
- The Residential Street Plan 2022-2027 is estimated at \$ 2.0 Million for funded preservation work and \$ 1.1 Million for planned grant matching funds.
- The Arterial Street Plan 2022-2027 is estimated at \$ 4.7 Million.
- 9.12 miles of transportation improvements are proposed with 6.04 miles of funded local access street and 3.08 miles of Arterial Streets.
