SUMMARY:	This purchase request is needed to replace our aging taser inventory which is five-years old and/or an obsolete model. The useful life of a taser is five years, after which there is an increased risk of failure. We have been advised by Axon, that our current X-26 Tasers can no longer be supported due to the obsolescence of the technology.

COUNCIL ACTION REQUESTED:	Authorize the expenditure and the signing of a contract to purchase 16 Axon Taser 7s to replace the obsolete Axon X-26 Tasers in the CPD inventory.
