

Hello Avalon Place & Harvest Bluff Resident,

We are excited to announce the launch of Cheney fast INTERNET in your neighborhood, powered by Avista Edge™

Fast Internet Download and Upload Speeds!

No Data Caps or Long Term Contract.

Why Choose Us

Our service provides some of the fastest download and upload speeds in Cheney, and our installation process is simple and quick! You don't even have to be home when we install it, we'll ship you a welcome kit with a simple self-installed Wi-Fi system. Plus, our mobile app gives you security and parental controls so you can keep you and your family safe online.

Internet You Can Trust

- Finally, be able to work from home without worrying about slow internet speeds or unreliable connections.
- Northwest based Support team ready to provide end-to-end support of your personal network.
- Our mobile app gives you access to parental controls, including content filters and the ability to block and allow individual sites to help keep your family safe from the content they're not ready for.

Choose from our two Cheney fast INTERNET options:

Pro **\$70 / month**

- Download speeds up to **150 Megabits per second** and upload speeds up to **100 Megabits per second!***
- Pay in advance, no contracts no equipment charges and no data limits! \$100 setup fee.
- Professional Customer and Technical Support.
- High performance in-home secure Wi-Fi included.

Wi-Fiber **\$110 / month**

- Download speeds up to **300 Megabits per second** and upload speeds up to **150 Megabits per second!***
- Pay in advance, no contracts no equipment charges and no data limits! \$400 setup fee.
- Professional Customer and Technical Support.
- High performance in-home secure Wi-Fi included.

Setup fee credit of \$100 for Pro and \$200 for Wi-Fiber for the first 70 customers. Take advantage and schedule your installation (you don't even have to be at home)!
